

Marathon 42,195 KM

The classic marathon of 42,195 km long. The town circuit, without a significant ascent, with a hard asphalt surface is undertaken by the marathon runners twice. Runners in the half marathon do one round. The races take place according to the IAAF rules, with the exclusion of public transport. The course has a valid IAAF/AIMS certificate.

Just as you may read in the more detailed [race info](#), speak about a typical town marathon with its start and finish in the absolute center of the metropolis. The [course map](#) will get you better acquainted with the situation in town.
